SC-IC3

Small Aperture Speaker

HIGH PERFORMANCE

3.5" In-Ceiling Speaker

The SC-IC3 High Performance 3.5" In-Ceiling Speaker delivers dynamic and impactful sound in a compact form factor. Leveraging advanced technology and materials, its high-excursion carbon fiber woofer, massive aluminum tweeter, custom crossover design, and versatile installation options make it a top choice for those seeking premium performance without compromising on aesthetics.

With both round and square grilles included and flush mount kits available, the IC3 appeals to the most fastidious designer's needs.

SC-IC3 Small Aperture Speaker

Features

- **3.5" Carbon Fiber Woofer**
Stiff, light, and incredibly strong—this compact woofer is transparent with low distortion
- **1" Aluminum Tweeter**
Proportionately massive to deliver dynamic detail at a lower crossover point
- **Custom Crossover with proprietary Capacitor Filter/Boost Circuitry**
Eliminates frequencies below the woofer range – enhancing bass for a punchy, rich sound
- **4.75" Cut-out Size**
Use a standard hole saw for a quick retrofit install
- **Optional Flush Mount Mudbank**
Grille sits flush with the surface for a near invisible aesthetic. *(sold separately)*

Includes two low-profile, paintable grilles for a round or square finish to match custom recessed lighting, fixtures and ceiling color.

Includes cut-out template for both grilles.
Optional Pre-Construction Bracket available. (sold separately)

Specifications

Woofer Size	3.5"
